

995 Series - Specification chart

995 SERIES - Narrow stile mortice lock

Based on the successful design principles of the 990MF, the 995MF narrow stile mortice lock are also manufactured to meet the Australasian market requirements. Easily converted between functions and handing without disassembly, they are accompanied by a 10 year warranty. Suited for commercial, industrial, institutional and government buildings, where durability and security are of major importance.

- Latchbolt is deadlatched by a stainless steel sub-bolt that retracts automatically with the main bolt
- Case accepts bolt-through fixing for 159mm vertical fixing door furniture. Follower accepts 7.6 - 8mm spindles with no adjustment space needed. A threaded pin is used for secure cylinder retention
- Compatible with most electric strikes
- Retrofittable with existing narrow style locks

DOOR TYPE - Aluminium or Wood

BACKSET - 23mm standard, 30mm and 38mm available

DOOR THICKNESS - 32 - 50mm, 60mm available (extended cylinder)
